Upcoming Seminars/ Workshops/ Conferences

Way Forward

-  We have in our catalogue **SIX** courses related to business continuity management and these can be found in separate links under the category called “**Brochures**” on this website.
-  *In addition, we do offer courses tailored to an in-house audience. Please feel free to contact us for more information and registration.*
-  **For courses offered on a public basis as per brochures, please feel free to contact us for the prices, schedules and other relevant information.**

How much will potential downtime cost your business and reputation?

National BCM Programme

-  *Oct 31, 2008 Spring Singapore launched the SS540: 2008 BCM Standards and this Standard replaced the previous TR19 BCM Framework*
-  *With the Standard, the government also wants to introduce rules to incorporate BCM readiness for all companies that supply goods and services to the government. As of now, no deadline for compliance has been proffered*
-  *To help organizations become BCM ready, a National BCM Programme was launched in early 2009 and this programme is being administered by the Singapore Business Federation*

 *For more information on the National BCM Programme, please drop us a line.*

The ICOR Asia Campus will be offering the 2-day “Business Continuity Maturity Model Assessor’s Training” (BCM 4050) in Singapore again soon!

In addition, we are also planning to offer the 3-day “Crisis Management and Communications” course (CMC 2055) in Singapore soon.
